calltower

CallTower Solutions for
Government & SLED

Empowering Secure Communication for Government, State, Local, and Education Sectors

At CallTower, we bridge the gap between advanced communication technologies and the unique requirements of the public sector. **Our enterprise-grade solutions are designed to support secure and efficient collaboration for government and SLED entities leveraging platforms like Zoom, Webex, and Teams.**

Key Highlights

1 **Compliance and Security First**

• **FedRAMP Compliance:** Trusted solutions ensuring government-level data protection and secure workloads across all platforms, including Microsoft Teams, Webex Calling, and Zoom.

• **GCCH-Specific Services**: Secure platforms tailored for government environments meet U.S. Government Community Cloud High (GCCH) standards.

• **GSA, OMNIA, Carahsoft, NASPO Partnership**: Seamless procurement with validated solutions from an established government IT distributor.

2   Platform Solutions for Collaboration Needs

• **Microsoft Teams**: Streamlined communication with end-to-end encryption, tailored for GCCH compliance. CallTower's FedRAMP-compliant Teams solutions ensure the highest levels of security for government communications.
• **Zoom for Government**: Certified to meet FedRAMP Moderate standards, ideal for high-security virtual meetings.
• **Webex for Government**: Robust video conferencing and collaboration backed by enterprise-grade security protocols.

3   Tailored Support for Public Sector Clients

• Dedicated experts with deep knowledge of government compliance needs.
• Scalable solutions designed for organizations of all sizes within state, local, and education sectors.
• 24/7 support to ensure uninterrupted performance.

4   Why Choose CallTower?

• Proven experience in providing secure communication solutions to public-sector organizations.
• Trusted technology partner with a focus on reliability, scalability, and innovation.
• Unified communication solutions tailored to unique sector needs without compromising compliance.
